

Casablanca S-3000

The reliable, easy-to-learn, powerful, workhorse video editing system for you.

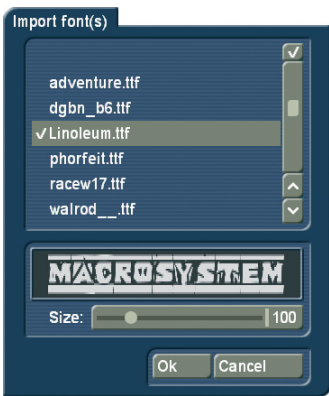

The new Casablanca S-3000 offers fast video editing - in every respect. From minimal configuration to the simplicity of operation, you'll find video creation fun and easy. You'll quickly create professional movies on DVD, editing with anything from analog to HDV footage.

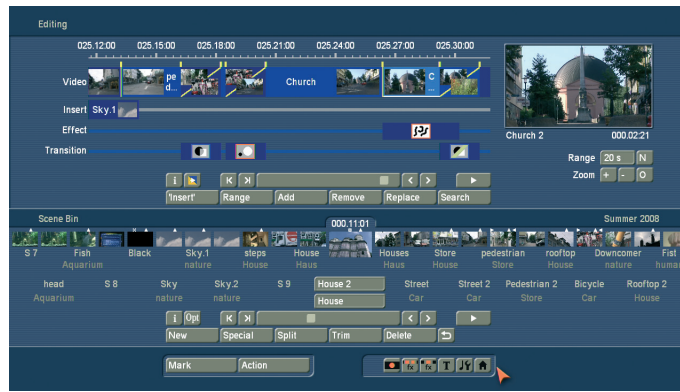

The Casablanca Bogart software can work with AVCHD, HDV, .MOV, Quicktime, and .MTS files without 3rd party plug-ins. You can edit in HD and export directly to Blu-ray in HD.

Here are the highlights of the new Casablanca S-3000:

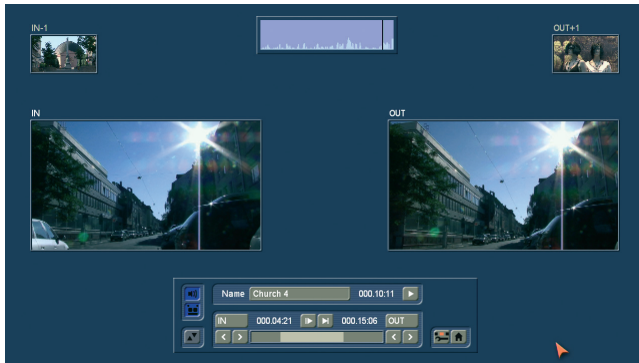

- Editing in one box for most video formats, including analog, DV, HDV, and AVCHD
- Increased hard-drive capacity
- Higher processing speeds than ever before for all video formats
- Direct display of HD footage while editing
- Flexible export of video in multiple SD or HD resolutions
- Standard DVD burner, available with an optional Blu-ray burner
- TV connection via HDMI
- DV and multiple USB connections in the front of the machine
- Rear connections include: HDMI (output only), DV, S-Video (input only), RCA Audio/Video (input only), Digital Optical Audio Output, Ethernet, USB, and eSATA
- The Casablanca S-3000 comes standard with Bogart SE 3 w/Media Manager, DVD-Arabesk 4, Fonts & FX 1-4, Photo Transfer, and Presentation Options. Pro Pack optional.
